

## Carlube Classic Oils

Carlube - The Heartbeat of your engine

### Technical Data Sheet

#### Provides optimum lubrication protection

Carlube classic oils are designed for veteran, vintage and classic cars which require different oil than those of the present day. Modern lubricants are formulated for modern engines, designed to enable current vehicles to meet emissions legislations.

This results in increasingly thinner semi and/or fully synthetic oils. Usually these oils are not suitable for older vehicles, which were designed to use mainly mineral oils with higher viscosities.

#### Non-Detergent motor oils

Carlube classic SAE30, SAE40 and SAE 20W-50 are a range of specialist lubricants designed for use in veteran, vintage and classic motor vehicles. The high quality, no detergent, monograde mineral lubricants are suitable for use in naturally aspirated 4-stroke petrol and diesel engines and manual operated gearboxes of that age.

Provides maximum protection to prolong the life performance of treasured classics.

#### Specially designed lubricants for use in older vehicles

Carlube classic oils were designed specifically for the following vehicles:

1. Veteran cars (pre-1918)
2. Vintage cars (1920-1930)
3. Post vintage (1931-1939)
4. Vintage antique (1939-1959)
5. Classic cars (post 1945)

## ADVANTAGES

### Classic 30

- Meets period performance requirements
- Ideal for cold autumn & winter conditions as low viscosity ensures rapid circulation

### Classic 40

- Meets period performance requirements
- Ideal for summer conditions for starting and high temperature performance

### Classic 20W-50

- Provides optimum lubrication protection
- Multigrade oil for use in summer and winter

## SPECIFICATIONS FOR CLASSIC 30

Issuing Body	Performance Specification
SAE	30
API	SA

## SPECIFICATIONS FOR CLASSIC 40

Issuing Body	Performance Specification
SAE	40
API	SA

## SPECIFICATIONS FOR CLASSIC 20W-50

Issuing Body	Performance Specification
API	SE/CC

## PRODUCT REFERENCE

Product	Product Code	Barcode
Classic 30	XAE030	5010373058152
Classic 40	XAE040	5010373058169
Classic Multi-Grade 20W-50	XAE250	5010373058176

### Environmental Protection & Safety Precautions

Do not pour used surplus oil down sewers or drains. Dispose of used or surplus oil at your nearest oil-recycling bank. Dispose of empty packs in a responsible manner. Store container in an upright position and secure when transported. Wear goggles if splashing risk. Avoid exposure to oil mist. When using oil do not eat, drink or smoke. Wash hands after use.

### Disclaimer

This Product Information Sheet does not constitute to any extent a fitness for purpose warranty or a quality specification. It is intended to be indicative only of the general characteristics of the product(s) and may not be relied upon (in whole or in part) in substitution of nor as a supplement to any of the information and/or instructions and/or warnings set out on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet (which is available on request).

Users of a product marked "For Professional Use Only" are deemed to declare and acknowledge for themselves professional levels of skill, knowledge, competence and experience in the selection and use of such product(s).

Product Information Sheets are updated from time to time and inquiries should be made on a regular basis to ensure that this is the latest version available.
